

# SORGENTE / SMILE

## **FLEXIBILITY FOR CORPORATES & HOUSEHOLDS**

SORGENTE and SMILE make up the core of the ASSET water dispensers: Available in countertop or freestanding versions with base cabinet and with many configuration possibilities, these machines fulfill your needs in flexibility.

They provide instant filtered ambient, chilled still and chilled sparkling water for small and medium water consumption demands. A compact hot water module including safety function can also be integrated inside the machine.

As it is an all-in-one solution, including space for filter and CO<sub>2</sub> bottle or hot water module in housing, the installation is very easy. Service and maintenance is quick and simple.

ASSET's advanced water dispenser technology, providing superior cooling and sparkling quality, ensures reliability and hygienic stability of the machines.

### **FEATURES & BENEFITS**

- Compact all-in-one solution
- Countertop or freestanding version with base cabinet
- Adjustable water temperature
- Fits to different sizes of CO<sub>2</sub> bottles
- Hygienic cooled electro valves
- Controlled by microprocessor & programming by chip card
- Sensors which signal malfunction or shuts off system
- Monitoring system for e.g. filter exchange
- Display with energy saving function, CO<sub>2</sub> / bottle savings, personalized text and language
- Removable drip tray
- Anti-leakage system
- Customization available on request

Features depending on model.

### **ASSET IS YOUR PERFECT BUSINESS PARTNER.**

At ASSET we have always cared about the environment. Our philosophy is to provide the best quality water from the most local source, eliminating the need for costly and eco-unfriendly transportation and packaging. We are always trying our best to find the best solution for you.

Optional: filter, filter head, CO<sub>2</sub> bottle, CO<sub>2</sub> pressure reducer

Specifications	Sorgente	Smile
Power supply voltage	220-230 V / 50 Hz / monophase	
Max. power consumption / current	J-Version: 160 W / 0,72 A E-Version incl. hot: 2.230 W / 12,5 A	
Climate class / work temperature	SN / 10-32 °C	
Inlet water temperature	5-20 °C	
Water system working pressure (min-max)	150-500 kPa (1.5-5 bar)	
Compressor power / Quantity refrigerant gas	Hermetic 65 W / R134a 40 g	
Carbonation system / capacity	Saturator INOX AISI 304 - 4 l	
Dispensed water temperature (adjustable)	Chilled: 4 °C to 8 °C / 10 °C Hot: 85 °C to 95 °C	
Cooling capacity	16 l/h	
Drip tray level sensor	yes	
Anti-leakage system	Safety solenoid valve	
Portion setting	yes	
Display incl. energy saving function	yes	
Weight with packaging	18 kg	
Dispensing height	22 cm	
Dimensions W x H x D	245 x 373 x 476 mm	251 x 406 x 497 mm

### Corresponding Accessories (optional)

					
Base Cabinet incl. cup holder	Reusable Bottle 500 ml / 1.000 ml	BRITA CLARITY Sanitizing Service Cartridge	BRITA CLARITY 50 cap. 4.000 l	BRITA CLARITY 100 cap. 11.500 l	BRITA CLARITY Filterhead
